Correspondence / Open Forum:

Bonnie Johnson from the Ladies Auxiliary attended to offer help with repairs to the hall from the Ladies Auxiliary & Veterans. Roof was 30,700.00 with FEMA to pay 75% & the State to pay 10% leaving a balance of 4,605.00 as cities responsibility as ins paid nothing toward the roof but did pay 6,773.11 towards the interior. Bonnie also discussed offering the \$50 rental fee for the hall for meeting they hold there to help pay for the utilities the city is responsible for.

Old Business:

AE2S – Nothing to report

FEMA – Eggermont still in contact with FEMA regarding payouts for city property & the 3 wood piles. Still waiting on bids for chipping verses hauling wood piles away to be burnt or the possibility of burning in small section where the wood pile is located.

108 Dakota Ave – discussion again on the issue of clean up of the building & yard. To hire a building inspector the cost would be \$1,500 at signing of the contract and then \$110 for every hour there after. The land owner was ask for a date the city could expect the yard to be cleaned up – no answer was giving

Motion to approve: give landowner 30 days from November 19th 2025 to clean up yard and have loose steel panels removed from the building.

Barcome

Elliott 2nd

All

Signs – Barcome reports on sign that need to be purchased yet and ask that the installation resume in the spring

New Business:

Snow Removal – A JD tractor will be rented again this year for snow removal.

Galesburg City Sign – The council has been asked to move the sign on the north side of town to prevent it getting hit with truck traffic to the new chemical building.

Adjournment:

Motion to adjourn: 7:37
